7	Bletchley, Saffron Gardens, no.111.	R -S	●
8	Harrold, no.118.	-S	○

Notes

This was post-43 at Sheepen, but occurs in such numbers at Prae Wood, many more than are shown here, in levels that are primarily native and pre-conquest, with very little post-conquest material, that I am sure the form was being made locally well before AD 43.

See also London, Southwark, Bonded Warehouse, nos.680, 736 (Flavian).
